

PREPARING FOR YOUR UPCOMING VISIT

We are looking forward to seeing you! Please remember that you, as parent/legal guardian, play a key role in your child's dental care. Children often perceive a parent's anxiety, let's be positive about this appointment! If you have any questions, please give us a call, we are happy to go over the procedure step by step with you!

To render the best care you must follow the instructions below:

- **Please notify our office of any change in your child's health and/or medical condition.** Fever, ear infection, nasal or chest congestion, flu-like symptoms or recent head trauma. We may postpone the sedation.
- **Food and liquids: ABSOLUTELY Nothing to eat or drink after midnight prior to the procedure.** Fasting decreases the risk of vomiting and aspirating stomach contents into the lungs. *We can not proceed with the sedation if you do not comply with this requirement.*
- **Let us know! Prescribed, over-the-counter, herbal medications your child is taking.**
- **Dress your child in loose fitting, comfortable clothes.** PJ's are perfectly fine!
- **Other kiddos.** If possible, try not to bring to the appointment, let us focus all of our attention on our patient being sedated.
- **Plan on staying with your child the rest of the day and being a couch potato.**
- **When you enter your car before the appointment, make sure there are no food/candy items the kiddos can nibble on as they ride to the office.**
- **If you have a long ride home, please plan on bringing another adult with you to help you keep an eye on your kiddo if they were to take a nap on the ride home.**

Trusting us with your child care means so much to us. We will treat them as if they were our own.

We Love 2 Love you!!
